25X1A6a

1. There is attached a memo from Training concerning the general question of the Office of Training's responsibility for non-OTR conducted training and, specifically, training at SR Division's [REDACTED]. This is all tied in with the Inspector General's survey of the Office of Training in 1954 and Management's staff study of training activities of SR [REDACTED].

2. The nub of this whole problem is one that has been the subject of many debates during the past two or three years, at least between DD/P elements and OTR, i.e., the delineation of training responsibilities between OTR and operating units. About a year ago the Clandestine Services Training Committee prepared a staff study or paper on this same subject and at that time the same issues regarding responsibilities were raised. Rather than attempt to prepare any paper setting forth the various pros and cons I would appreciate the opportunity of discussing this with you when you have some free time.
